

## Slique Tea

Slique Tea is an exotic drink from Young Living that has been formulated with natural ingredients to help support individual weight goals. It is a delicious, premium blend of wholesome and rare ingredients. Slique Tea contains Jade Oolong Tea from Taiwan which is sought after for its rich aroma and powerful antioxidant content. It contains high levels of antioxidants, which help protect the body from the action of free-radicals. The best oolong tea from Taiwan is grown in the high mountains. The oolong tea in our Slique Tea is from high altitude tea plantations and is among the best that Taiwan has to offer and is hand-picked and hand processed.

One of the biggest health benefits of all is its capacity to aid weight loss. Oolong tea can help lowering the fattening effects of the carbohydrates we receive with food. And it is effective in burning fat for energy when used as part of a healthy weight-management program. It stimulates the metabolism, increasing brain function and promoting alertness. And it can help lowering the fattening effects of the carbohydrates we receive with food. It is effective in burning fat for energy. There are many reasons to drink oolong tea. First and foremost is the wonderful taste. Tea connoisseurs the world over value Taiwan tea for its sweetness and complexity.

Oolong tea is a full flavored tea that still manages to remain light. If you haven't tried it, you're in for a real treat.

It has strong powers to prevent heart disease and cancer.

It is beneficial for diabetes patients.

It has benefits for lowering blood sugar levels.

It can help reduce high blood pressure, and can help in lowering our LDL (bad) cholesterol level and has positive effects on our arteries and must be considered a good support for the function of our cardiovascular system.

It can assist in prolonging and improving vitality and life span.

It benefits include helping in relieving physical and mental stress as well.

It is beneficial for treating skin problems such as eczema and rashes and regular drinking oolong tea can help to get rid of skin problems and improve skin color in short periods of time.

It helps improve brain power. Oolong tea is also well known for strengthening immune system.

Slique Tea also contains:

- Ecuadorian Ocotea Leaf (Ocotea quixos) a member of the cinnamon family. Ocotea's properties: Decrease glucose and triglyceride and blood pressure levels, Antifungal, Anti-inflammatory. A few drops orally and cravings are gone.
- Arabian Frankincense powder an exclusive ingredient from Young Living's distillery in Salalah, Oman. Essential oils have enzymes and frankincense is digesting and increases the oxygen levels in the body while moving the toxins out.
- Pure Vanilla Essential oil contains 80-90% eugenol which has a calming effect on the brain, numbing your cravings. Also numbs the nerves and gives relief from anxiety, anger, restlessness etc. Vanilla essential oil can stimulate weight loss by significantly reducing a person's sweet food intake.
- Amazonian cacao contains a naturally rich supply of antioxidants 98%, and is a good source of dietary fiber. It is also known to be one of the highest dietary sources of magnesium, flavonoids, and polyphenols. It also has a high source of Vitamin C. Amazonian Cacao is processed at a low temperature of 140 degrees while other cocoa is processed at 240-260 degrees killing all the antioxidants.
- Oolong tea caffeine benefits: Caffeine occurs naturally in a large number of plants and the Oolong Tea has low doses of caffeine and can provide a wide range of benefits. It increases alertness, stimulates metabolism and helps to improve our mood. Oolong tea is considered to be a good source of caffeine.

Slique tea bags can be infused several times before it needs to be discarded. Each infusion of the tea will cause a different aspect of the subtle flavors to be prominent, allowing you to detect more of the tea's complexities with each cup. Once you've discovered the many nuances of Slique tea, you might want to try it iced, as well. It can be very refreshing. When making Slique tea for iced tea, allow the tea to cool before adding ice. Adding ice while the tea is still warm will likely dilute the tea too much. The mild flavor can be compromised if over diluted.
